The Board has separate and independent access to the senior management of the Company and the Company Secretaries at all times. Requests for information are dealt with promptly by the senior management.

The Board in fulfilling its responsibilities can, as a collective body or individually as Board members, when deemed fit, direct the Company and at the Company's expense, appoint independent professionals to render advice.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Provision 2.1 An "independent" director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the company

The independence of each Director is reviewed annually by the Nominating Committee ("NC") in accordance with the Code's definition of independence. Each Independent Director is required to declare their independence by duly completing and submitting a 'Confirmation of Independence' form. The declaration requires each Director to assess whether they consider themselves independent and not having any of the relationships identified in the Code. Each Director is required to declare any circumstances in which they may be considered non-independent. The NC reviews the Confirmation of Independence to determine whether a Director is independent. The NC also considers the actions and conduct of the Independent Directors, including in formal Board meetings, to assess their independence. The NC has carefully reviewed and subsequently determined that the Independent Directors, namely Mr Chong Teck Sin, Mr Wong Fook Choy Sunny and Mr Douglas Owen Chester, are independent.

Notes:

- (1) Listed on Hong Kong Stock Exchange
- (2) Past Directorships within the past 3 years

The NC has considered and taken the view that it would not be appropriate at this time to set a limit on the number of listed company directorships that a Director may hold. Directors have different capabilities, the nature of the organisations in which they hold appointments and the committees on which they serve are of different complexities, and accordingly, each Director would personally determine the demands of their competing directorships and obligations and assess the number of listed company directorships they could hold and serve effectively. Currently, none of the Directors hold more than four (4) directorships in other listed companies.

In addition, the NC also determines annually whether a Director with multiple board representations is able to and has been adequately carrying out their duties as a Director of the Company. The NC takes into account the results of the assessment of the effectiveness of the individual Director and the respective Directors' actual conduct on the Board. The NC is satisfied that for FY2020 sufficient time and attention have been devoted by the Directors to the affairs of the Company and the Group. As such, there is presently no need to implement internal guidelines to address their competing time commitments notwithstanding that some of the Directors have multiple board representations.

The NC will, however, continue to review, from time to time, the Board representations and other principal commitments to ensure that Directors continue to meet the demands of the Group and are able to discharge their duties adequately.

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Provision 5.1 The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board

For the year under review, the NC held two (2) meetings and evaluated the Board's performance as a whole and the contribution of each director to the effectiveness of the Board. The NC has adopted a formal process and criteria to assess the effectiveness of the Board and each of the Directors. The evaluation is carried out annually.

Provision 5.2 The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors

The NC undertakes an annual formal review and evaluation of both the Board's performance as a whole, as well as individual Director's performance, such as Board commitment, standard of conduct, competency, training & development and interaction with other Directors, senior management and stakeholders.
