

Civmec is an integrated, multi-disciplined construction and engineering service provider to the Energy, Resources, Infrastructure and Marine & Defence sectors.

Civmec is committed to maximising customer satisfaction by providing quality products and services, in a timely and cost-efficient manner.

To implement this policy and maintain our commitment Civmec will:

- Work proactively with our clients to fulfill their quality requirements.
- Enhance the quality, productivity and efficiency of project work and maintain the highest standards of innovation and technical leadership.
- Set measurable objectives and targets to continually improve the quality of products and services we offer.
- Promote an organisational culture that is committed to quality by effective communication of this management system, associated procedures and this policy.
- Ensure adherence to contractual obligations, regulatory and legal requirements in accordance with AS/NZS ISO 9001 and our Business Management System.
- Continuously develop and improve the effectiveness of our Business Management System.

Through management leadership we will strive to deliver to a high quality standard and continuously produce exceptional quality products and services by allowing employees to focus on their commitment to continuously improve throughout the organisation.
